

# First Grade Spelling List – Review pattern list 1

Meridian Elementary-1st Grade

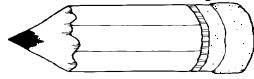

**Keep this list at home to practice. Do not send back!**

First grade spelling is starting! After three Kindergarten review weeks, we will be working on first grade spelling patterns each week. We will send home weekly lists with a copy to keep at home to practice and a homework sheet for your child to complete and return. The homework sheet will start AFTER the review weeks. We will assess the spelling pattern on Fridays. **The most important part of spelling is application to daily writing.** Good spelling is about using the patterns in daily writing and NOT just passing a test. Please help your child with the pattern of the week so we can work together to build the best possible first grade spellers.
